

TAKE THE CHALLENGE

◆ TRADITIONAL CHALLENGE:

Replace your usual grooming products with IV SAN BERNARD shampoos, conditioners & finishing products for ONE FULL salon day.

◆ REJUVENATION CHALLENGE:

Select 3 (or more) of your clients that have problematic skin &/or coat conditions. Treat them ONLY with the IV SAN BERNARD Therapeutic Line & finishing products for a minimum of three consecutive visits.

WHEN YOU SEE & FEEL THE DIFFERENCE RECEIVE 10% OFF 1ST ORDER!

Send us your dramatic before & after shots & receive a **bonus** gift with any reorder. Most improved shots will be posted on our website!

Purchase one (or more) of our packages & finishing sprays or consult with an IV SAN BERNARD Technician for a customized package.

TRADITIONAL: Our tried and true shampoo & conditioner sets specifically formulated for short, medium & long coats. Ph- balanced and great smelling.

SPECIALTY: A variety of refreshing, odor neutralizing & natural anti-parasitic products for all types of coats. This package includes invigorating scents such as peppermint.

THERAPEUTIC: Purifying products to cleanse & soothe & mineral based products to repair skin & coat. This package is especially effective for dogs with allergies.

BRIGHTENING: An ultra-brightening, anti-oxidizing collection to be used alone or combined for dramatic results. Great for restoring white AND dark/ silver coats.

For the health and well-being of pets everywhere

SPEAK WITH ONE OF OUR TECHNICIANS TO FIND OUT HOW:

You can encourage new hair growth on problem skin.

You can dramatically reduce eye and lick stains.

You can promote healing of damaged skin.

You can virtually eliminate symptoms of allergies.

You can restore the natural colors of a damaged coat.

You can painlessly save a completely matted coat.

You can minimize static and deeply moisturize without weighing down coat.

All of these things are possible with

- **Nothing toxic or harsh**
- **Over 90% Biodegradable**

Feel and see for yourself the difference Iv San Bernard products make on your clients, while protecting and saving groomers' skin from dryness and irritation.
